

Txt Signal is Park Hills Church's official mass texting service! Through this service, we are able to send you updates on events, reminders of deadlines (trip deposit due dates, etc.) and easily communicate when a group gathering has been canceled due to weather or school cancelation! When you fill out your child's registration form, we ask you to provide your cell phone number. We automatically add you to our texting database and automatically begin sending you notifications, as needed. We promise not to send you unnecessary text messages! If you have any questions regarding this service, please contact Pastor Rich Graham by email - Rich.Graham@parkhillsefc.org
